

# Celtic Fire and Faerie

## Council of the Celtic Fire - Council of Living Light

### **Blissful Heart: The Art of Being Fully Incarnate**

These special gatherings will be powerful times together. Each one will have the opportunity to stand at the center of their life and to review their journey. We will work intensively to gather back all fragments of our being, to re-pattern core separation from this and past lives, to cleanse the body temple and redefine and enliven the auric field.

These will be days of high alchemy where we open to the ancient art of Weaving the Magical threads between the Inner Kingdoms and the Outer Worlds so that our lives are truly enlivened and we can take back our power of creation.

Under the Guidance of the Great Beings of Light treat yourself to a weekend of healing and renewal and go home with REAL tools for clearing your body, your home, your life and for evoking the Higher Reality into your Being.
